Your credentials will only be stored locally on your computer.

Step 2

Manual configuration

Incoming server

Protocol: IMAP or POP3

Hostname: zmail.iitm.ac.in

Port: IMAP:993 POP:995

Connection security: SSL/TLS

Authentication method: Autodetect

Username: user@zmail.iitm.ac.in

Step 2

The screenshot shows the Windows Mail application's 'Account Setup' window. The window title bar includes 'Local Folders', 'Account Settings', and 'Account Setup'. A search bar at the top contains 'Search...' and 'CTRL + K'. A blue callout box with a document icon is positioned over the 'Manual configuration' section. The 'Manual configuration' section is divided into two parts: 'INCOMING SERVER' and 'OUTGOING SERVER'. The 'INCOMING SERVER' section has the following fields: Protocol (IMAP), Hostname (zmail.iitm.ac.in), Port (993), Connection security (SSL/TLS), Authentication method (Autodetect), and Username (sanand@zmail.iitm.ac.in). The 'OUTGOING SERVER' section has: Hostname (smtp.iitm.ac.in), Port (465), Connection security (SSL/TLS), Authentication method (Autodetect), and Username (sanand1). Below these sections is an 'Advanced config' link. At the bottom of the window are buttons for 'Re-test', 'Cancel', and 'Done'. The Windows taskbar at the bottom shows the system tray with weather (26°C, Partly cloudy), search, and system icons (network, volume, battery, time: 23:09, date: 09-01-2024).

Step 3

Account successfully created

Username: user@zmail.iitm.ac.in

Password: LDAP password

The screenshot shows the Mozilla Thunderbird interface during account setup. The main window displays a success message: "Account successfully created" with a green checkmark. Below this, it states: "You can now use this account with Thunderbird. You can improve the experience by connecting related services and configuring advanced account settings." The account name is "Anandkumar S sanand@zmail.iitm.ac.in" with an "IMAP" label. There are four options: "Account settings", "End-to-end encryption", "Add a signature", and "Download dictionaries". A "Connect your linked services" section is visible with a "Looking up address books..." status. At the bottom, there are three options: "Connect to a CardDAV address book", "Connect to an LDAP address book", and "Connect to a remote calendar". A "Finish" button is at the bottom center. An "Authentication Required - Mozilla Thunderbird" dialog box is open in the foreground, showing a question mark icon and the message: "https://zmail.iitm.ac.in is requesting your username and password." The dialog has fields for "Username" (filled with "sanand@zmail.iitm.ac.in") and "Password". There is a checkbox for "Use Password Manager to remember this password." and "OK" and "Cancel" buttons.

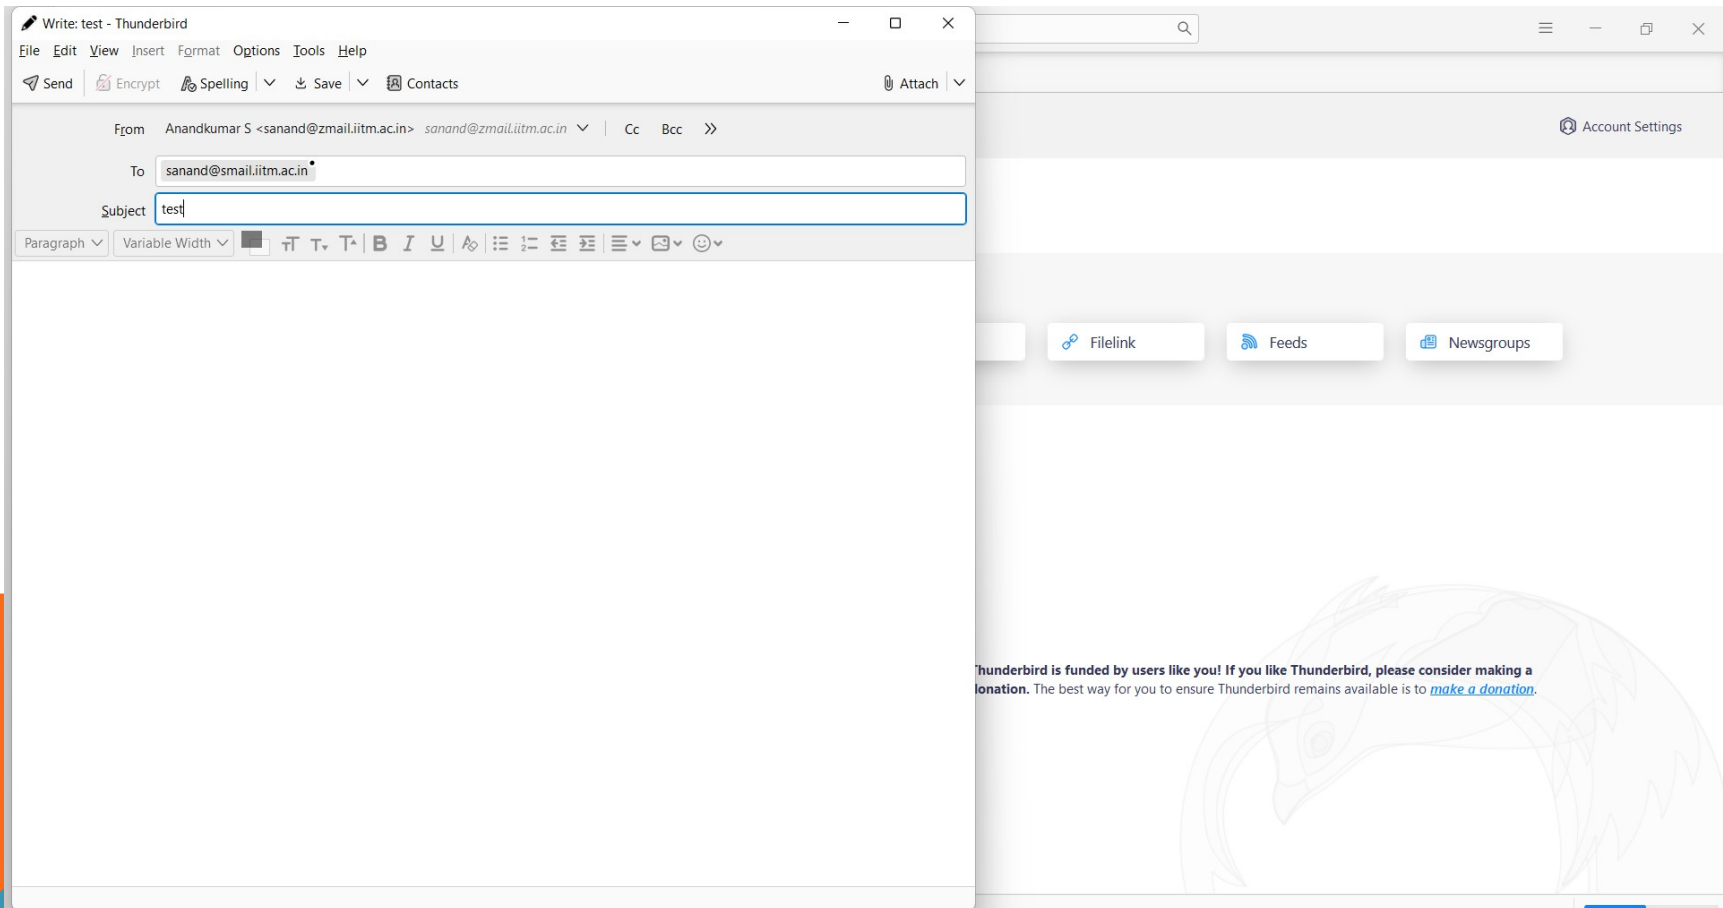

Step 4

Logged into client successful

The screenshot displays the Mozilla Thunderbird interface with the 'Account Settings' window open. The left sidebar shows the 'Local Folders' tree for the account 'sanand@zmail.iitm.ac.in', including folders like 'Inbox' (43), 'Drafts', 'Sent', 'Junk', 'Trash', '2018doc', '2018storage', '2020students', '2021document' (4), '2020updated', 'Additinalwork', '2021smail' (7), '2023pending' (1), '2023document' (5), 'Admin', 'ADS Authentication', 'backup', 'AV' (2), '2023marchinbox' (1), '2024document' (2), 'ADS expiry' (64), 'ADS TELEPHONE', 'alumni', 'ADSdata', and 'ADSrequest' (1). The main pane shows the 'Local Folders' view with a search bar and 'Manage message filters' link. Below this, there are sections for 'Set Up Another Account' (with buttons for Email, Address Book, Calendar, Chat, Filelink, Feeds, Newsgroups), 'Import from Another Program' (with an 'Import' button), and 'About Mozilla Thunderbird'. The 'About' section includes a paragraph about Thunderbird being an open-source client and a call to action: 'Thunderbird is funded by users like you! If you like Thunderbird, please consider making a donation. The best way for you to ensure Thunderbird remains available is to [make a donation](#).' At the bottom, there are links for 'Explore Features', 'Support', 'Get Involved', and 'Developer Documentation'. The status bar at the bottom indicates 'sanand@zmail.iitm.ac.in: Downloading message 165 of 644 in Drafts...'. A faint outline of the Thunderbird logo is visible in the background on the right side.

Step 5

Composing new message

Thunderbird is funded by users like you! If you like Thunderbird, please consider making a donation. The best way for you to ensure Thunderbird remains available is to [make a donation](#).

Step 6
